REFLECT (CAPSTONE PROJECT)

PRATICAL TOOLS TO IMPLEMENT LAUDATE DEUM

In the *Laudato Deum* training process, participants are expected to be able to provide feedback through understanding and reflecting on the material obtained at each meeting, by first registering a personal account and then logging in using the registered user name and password. The author also fulfills the *Laudato Deum* animator training program by always writing down the reflections and determination of the author's reflections while following each webinar material that has been carried out.

The author discovered an interesting thing through the *Laudato Deum* animator's training to live, namely "ecological conversion." After seeing the journey of Saint Francis of Assisi, it is hoped that humanity will realize that a healthy relationship with the created world is one dimension of complete human conversion. It also means admitting mistakes, admitting all sins or omissions and repenting wholeheartedly and changing from the bottom of our hearts. This conversion also means a "loving awareness," that humanity is not separated from other creatures, but has joined in a beautiful cosmic communion with the entire universe. It is time for human beings all over the earth, especially for those who believe in God's Mercy, for human beings to see the world not from outside themselves but from within, realizing the bonds that God the Almighty Father has forged between humans and all created creatures.

By ending this capstone project, the author quotes God's Word as prayer, hope, and reinforcement for the good intentions together from the Apostle Paul's Letter to the Philippians chapter 1 verse 6 "Of this I am fully convinced, namely He, who began the work both of you will continue it until the end of the day of Christ Jesus." Hopefully in every joint work and movement, efforts and good intentions will always be blessed by Almighty Allah, the organizer of our lives, Amen.

Salatiga, 17 April 2024 *Anno Domini (AD)*

With greetings and prayers,

Riyan Solomo Parapat
